THE CEDOC ARCHIVES ARE ONLINE

The **Center for Documentation and Memory of the Santo Daime** is online for all to access. Much of the existing documentation of our Doctrine is stored away in personal archives across the Irmandade with families of the early followers of Padrinho Sebastião. CEDOC aims to reunite this archival material under the curatorship of Alex Polari and to make it available to all, in order to preserve the memory of our Doctrine.

At the beginning of November, the Céu do Mapiá Community received **Leonardo Libânio Christo**, bionergetic therapist and fardado of the Doctrine, to continue his trainings and conduct individual and group therapy sessions. Bionergetic Therapy is a form of body psychotherapy based in the theories of Wilhelm Reich, created in 1955 by John Pierrakos and Alexandre Lowen, of whom Léo Christo was a student.

GREAT FESTIVAL!

Now, at the beginning of December, we are starting our Festival. The whole Daime Brotherhood is united singing Mestre Irineu's hinário "O Cruzeiro", in honor of our Queen of the Forest, the **Virgin of Conception**. On her day, there is nothing better for us than consecrating this unbelievably powerful drink, singing the hinário of our Mestre. A good work to all!
